

FURNITURE

Natural objects, such as tree stumps, rocks and moss, as furniture are biodegradable. Furniture usually made of wood, metal, plastics, marble, glass, fabrics, or related materials. Using natural objects is way better than using plastic etc.

RECYCLING

- Donate furniture through the furniture re-use network to charity shops.
- Sell any furniture that is in good enough condition
- Repurpose your old furniture-
 - Repurpose furniture for the garage, playroom, den, shop etc.
 - Use a ladder to hang towels, kitchen napkins or blankets.
 - Use old travel trunks as sitting options, bedside tables, coffee tables, side tables or display pieces.
